

Expansion Rule Flow Chart (Env-Wq 1004.15)

Does My Project Need Subsurface Systems Bureau Approval?**

*Typically "major waivers" are those involving setbacks to surface waters, drinking water wells, very poorly drained soils, seasonal high groundwater and property lines.

** Pursuant to Env-Wq 1004.15(d) Structures being replaced, relocated or expanded must be in compliance with RSA 483-B, the Shoreland Water Quality Protection Act
